

PMI PORTLAND PARTNERSHIP GUIDELINES

For inquiries about partnerships please contact VP Marketing (marketing@pmi-portland.org)

Definition:

A partner is any non-profit organization or a business who can help us fulfill our *Objectives* as stated in our *Strategic Plan*. Partnership arrangements should be made whereby there is a win-win environment. These Partners would include Region 1 Chapters, local educational institutions, select e-learning educational institutions, vendors who supply tools or complimentary methodologies that support PM professionalism. We have defined following categories of partnerships:

- PMI Region 1 Chapters
- Education partners
- Associations
- Commercial partners (to be defined later)

Definition of who falls under each of the above partnership category and details of our relationship each of the partners is described below under each of the partner category.

PMI Region 1 Chapters

All PMI Region 1 chapters will qualify for a free link to their major events from our website and in our newsletter announcements

Education partners

Who are they?	Any local registered education institution e.g. PSU & PCC
Relationship:	<ul style="list-style-type: none">• We will partner with the education partners by announcing their project management related events on our website and newsletter.• We allow them non-cash exchange such as offering free education opportunities if they wish to sponsor any our events.

Professional Associations partners

Who are they?	Any local non-profit associations whose members apply/can benefit from project management skills. e.g. SAO, IEEE, PMF
Relationship:	<ul style="list-style-type: none">• We will partner with the local associations when they are hosting events which have project management focus. We may co-sponsor such events or provide link to those events on our website.• We will encourage their members to attend our events to help them with grow their project management skills.

Commercial Partners (To be defined)
