

# Candidate Profiles

## 2016-2018 Board of Directors

### PMI Portland Chapter

Voting will be held May 1 – 24, 2016

See the PMI Portland Chapter website for detailed information about the election process, position descriptions, and voting: <http://www.pmi-portland.org/activities/elections>

#### President-Elect Candidate

##### Stephen Wilks, PMP

Stephen is a champion of process improvement. He loves to work with volunteers and to serve the Chapter and its membership. He helped bring in several new tools to provide more flexibility for the Chapter membership.

Stephen is well-versed in Information Technology, including Systems Programming, Contingency Planning, Capacity Planning, Helpdesk Level 3, Infrastructure Project Manager on Upgrades, Migrations, Cloud Support, Web Support and is a Lean Coordinator/Instructor.

Stephen is a U.S. Navy veteran and has a Bachelor's degree in Information Technology Management. His hobbies change, but he loves experiencing new locations and working with his hands.

#### VP of Operations Candidate

##### Chen Chen

Chen has volunteered for the PMI Portland Chapter since August 2015. She cares very much about the Chapter, and the membership.

She recently completed successfully our Chapter's email system migration from Zimbra to Google successfully. She has some other great project improvements in process that will take the PMI Portland Chapter from a small Chapter designation to a true functional organization.

Chen is very passionate about translating data to innovative decision-making, with a commitment to maximizing productivity.

#### VP Outreach Candidate

##### Greg Spehar, MBA, PMP, PMI-ACP

Greg has been a member of the PMI community for over 10 years and served on the board for 2 years in 2007 and 2008. He was responsible for initiating the restructuring of the Outreach portfolio and was responsible for developing the directors that report to the VP of Outreach. With his leadership, the new Outreach Portfolio had a clear purpose and was able to perform within their new charter.

Greg is a Director at CorSource Technology Group in downtown Portland. He is helping CorSource manage a large software project. With his MBA, PMP, and ACP, Greg is helping large organizations develop and deploy Agile groups in a local setting and internationally.

## VP of Membership Candidate

### Shannon Musson

Shannon Musson attained a bachelor's degree and impressive certification profile supporting a ten-year position with the City of Portland in roles shaping her commitment and attention to detail. She holds the Assistant Vice President of Membership position at the Portland Chapter of the Project Management Institute and with her bubbly enthusiasm, she successfully supports key initiatives of four consecutive years.

Excelling as the Assistant Project Manager of the Portland Chapter Annual Conference's Speaker Acquisition Team endorsed an invitation to spearhead the creation of the Director of Volunteer Recognition role, opening a channel to execute on her concepts that resulted in a successful team operating under the Membership portfolio of the PMI Portland Chapter and opening opportunities to take part in the Chapter's Annual Conference Steering Committee, Planning Committee and Day of Event Manager.

Shannon Musson's proven ability to recognize talent, nurture relationships, and humbly support the success of others encourages sustainable and performing teams excited to engage in collaborative initiatives. Her ambition motivates efforts to lead all phases of the Annual Volunteer Recognition Event, enhancing PMI Portland Chapter's member experience, and strategically enhancing the value of membership. Carefully balancing her passion for volunteer work and spending time with her cat, Shannon expects to continually expend valuable time with the Portland Chapter collection of considerate personalities.
